Apex® Payroll Adds Benefit Enrollment Solutions with Employee Navigator Partnership

Roswell, GA. (May 24, 2017) – Apex Payroll, a leader in payroll and human capital management, announces a strategic partnership with Employee Navigator, a rapidly growing provider of benefit enrollment, HR and compliance software. The partnership will allow Apex's customers to offer benefit enrollment technology and services to their clients and integrate with insurance brokers.

"Apex is excited to offer our payroll service bureaus, their clients and insurance brokers a payroll and benefits integration tool to streamline the new hire and open enrollment process, which will help businesses avoid double data entry, expensive integrations and payroll deduction reconciliation," said Stephen W. Gregg, Apex Payroll C.E.O. *"Our goal is to help payroll service businesses and brokers work better together, while ensuring a completely integrated solution for their clients."*

Apex Payroll is one of the only true one-stop-shop solutions for comprehensive technology in the payroll and HCM industry. The new integration with Employee Navigator will enable Apex service bureaus to expand their books of business and provide additional solutions to their clients with a complete, all-in-one benefits solution package.

Employee Navigator's end-to-end benefits administration software makes it easier to attract and retain great talent by offering an extensive benefits package without adding the additional benefits administration work. It offers an electronic, single point entry with simple HR and employee self-portals eliminating the need for paperwork adjustments and headaches. The partnership between Apex and Employee Navigator also allows for the integration of two complimentary solutions to expand their clients' businesses into a complete single source technology for payroll and benefit enrollment.
