

**FOR IMMEDIATE RELEASE**

**Apex® Payroll Hires VP of Operations and Training**

**Roswell, GA. (September 6, 2017)** – Apex HCM, a leader in cloud-based payroll, HR and benefits, announces the addition of Greg Javins who will assume the role of Vice President of Operations and Training. Javins will manage and develop the ongoing processes and procedures for client support and education; including Apex’s Training Webinar Series, group trainings and even occasionally facilitate individual customer onsite trainings.

Javins brings extensive operations, sales, development and marketing experience in the technology and payroll industry. Before joining Apex, Javins served as the Sr. Director over North American Services, for Sage Payroll Service. At Sage, Javins successfully brought products from incubation to launch, as well as oversaw and implemented many customer satisfaction initiatives.

*“Greg is an industry veteran with a proven track record of executing strategic client initiatives,” said Marty Hamby, Apex HCM President. “His addition will allow us to continue to be the industry benchmark with leading technology and unmatched personal service. We’re happy to have him onboard.”*

Javins will support Apex HCM’s growth by providing strategic and tactical direction within the operations department, and managing Apex’s dramatic staff growth in operations, customer support and training. Javins will work to strengthen existing customer relationships and provide support to help Apex customers grow.

**About Apex® Human Capital Management:**

Apex HCM is a market leader in licensing cloud-based payroll and HR software technology and over 250 payroll service firms and vendors nationally use Apex’s technology as the core of their business foundation. Apex’s customizable, comprehensive suite of products and services include payroll, payroll tax, human capital management, applicant tracking and onboarding, time and attendance, reporting, manager and employee self-service, ACA compliance, mobile apps, workers’ compensation, payroll debit cards and other business management tools normally reserved for large enterprises, now available to any business size. Apex’s cutting-edge, cloud-based technology allows its customers to effectively compete feature-for-feature with larger established firms while dramatically improving their workforce productivity.
