

Dun and Bradstreet reports 1,855 Payroll Service Bureaus operate in the United States. Based on U.S. Dept of Commerce data compiled by the 2016 Barnes Report, the payroll services industry grew at an annual rate of only 1.0% in 2015-2016. Barnes forecasted similar low growth for 2017. However, the forecast looks much brighter for Apex customers. Based on 2017 Apex Annual Customer Research, Apex customers report an average growth rate for the past 12 months of 20%. Apex calculated this 20% annual growth rate based on surveys and interviews with payroll service bureaus nationwide using Apex software.

Annual Client Growth
